Thanks for coming!

Thank you to everyone who participated in and attended our first Bancroft 4th of July Bike Parade. We had a great turnout, including many neighbors who lined the street to cheer on the participants. This is something we hope to continue in future years.

July Notes from the Mayor

I want to begin with a reminder that JCPS begins school on August 11. Please drive slowly and carefully. Since we are in close proximity to three JCPS schools, Bancroft traffic increases early in the morning and in the mid-afternoon. Some students walk to school so it is important to be careful as you drive in Bancroft during these times.

Last month, we returned to in-person city commission meetings. That will continue unless directed otherwise by a new statewide emergency declaration. Our city commission meetings will be held at the Churchill Downs Building, 600 N. Hurstbourne Parkway, near the UofL Shelby Campus, in the first-floor conference room (600 Room). We have a commitment for that location through December. The meeting is not available by Zoom. I do not anticipate any decisions by the Governor to restrict in-person governmental operations, but in the event that happens, we will return to using Zoom for city commission meetings, in accordance with Kentucky law.

Last week, Bancroft received \$66,293.50 in federal grant funding under the American Rescue Plan Act (ARP). There are limitations on the use of the funds. The funding can be expended for eligible uses over the next four years. In the coming months, we will be exploring our options for expenditures. At the end of

the grant period, any unused funds must be returned to the federal government.

If you have not seen Chief Mudd in his police cruiser lately then you most likely have seen him on his police bicycle. The police cruiser is at the dealership for warranty repair of a transmission problem. Hopefully, the repair will not take much longer and he once again will be patrolling in his cruiser and by bicycle. When not on his police bike, Chief Mudd has been working on a much-needed complete revision of the Bancroft Police Department Standard Operating Procedures (SOP). In the past, we took a more piecemeal approach to policy revisions. This time we took a more comprehensive approach. Using the Kentucky League of Cities (KLC) model policies as a guide, the proposed revisions are ready for consideration for approval by the city commission. There will be more needed additions to SOP in the near future to make it a more comprehensive document. This may seem like a considerable amount of work for a one-officer police department, but having legally defensible police policies is important regardless of the size of the department.
