### **August Notes from the Mayor**

The paving of Bancroft streets has been completed, except for a couple of places that needed refinement. That work should be completed soon. I have repeatedly driven the streets inspecting the work and I must say Hall Paving did a great job. They have been responsive to the few things we pointed out and quick to provide corrective action. Our city engineer and Bancroft resident, Chuck Wood, has done an excellent job in the planning, preparation, coordination of this project. Chuck spent countless hours on the paving project. Because Chuck is a professional engineer he served as the liaison to Hall Paving. Chuck was on the job daily during the paving operations to make sure the work was going as planned. We are very fortunate to have Chuck Wood as

our city engineer. By the way, he is a volunteer. Chuck is a long-time Bancroft resident, and he has refused to accept any compensation for his work. I want to thank all the city commissioners, who each had their role, and have worked together as a team on this project. Another key member of the team was Chief Tony Yeager who assisted in traffic control. Also, I want to thank the residents of Bancroft for your cooperation and patience as you maneuvered around the paving work.

In the last year, we have had several incidents where trash trucks (Anytime and more recently Rumpke) have damaged the plant beds in the cul-de-sacs. In each instance, the trash company repaired the damage. We believe the problem can be attributed to cars parked in the cul-de-sacs, in which the trash trucks must maneuver around to exit. We ask for your voluntary cooperation by not parking in the cul-de-sacs on trash days.

Bancroft, like the rest of Jefferson County, still is having items stolen from cars overnight. In most of these recent thefts or attempted thefts, the cars were UNLOCKED. According to CrimeMapping.com, in July 2020 there were 17 reported thefts from autos within a two-mile radius of Bancroft. Undoubtedly, there many more that went unreported. Here are a few crime prevention tips that are easy to do and can prevent you from being victimized by thieves. First, lock your vehicles anytime it is parked in your driveway or on the street. Second, do not leave anything of value in the vehicle where thieves can see the items, even if the vehicle is locked. Thieves often shatter car windows, then grab the valuables and run. Third, it is always best to park your vehicles in a garage, if possible.

### Police News

According to LMPD, auto thefts are increasing. While we have had no reports of auto theft in Bancroft, that does not mean we are immune to the threat. According to [Crimemapping.com](https://www.crimemapping.com/), in July 2020 there were 12 motor vehicle thefts within a two-mile radius of Bancroft. Here are some crime prevention tips to avoid having your vehicle stolen:

1. Do not leave your vehicle unlocked,
2. Do not leave your keys in the car ,
3. Do not leave your car unattended with the engine running, even for a brief period, 4) At night park in well-lighted areas, and
4. Always lock your vehicle with the windows completely closed.

For more auto theft crime prevention tips go to the [National Insurance Crime Bureau website](https://www.fbi.gov/nicb).
